**Carl's Furniture's Located In Kendall/Pinecrest And Boca Raton Will Close
These 2 Stores Of Furniture Will Be Liquidated – Regardless Of Cost!**

Coconut Creek, Florida April 26, 2011 – CARLS FURNITURE, one of the most respected high quality home furniture retailers in the Florida market, will close two stores to better serve their customers!!

Since 1941, Carl's Furniture has supplied designer furniture and been part of the dreams of thousands of Florida families on Florida's east coast. Currently Carls Furniture operates seven retail stores and several clearance centers with collectively over 500,000 square feet of retail display. Carls Furniture vendors include such industry icons as Robert Baker Home, Century, Bernhardt, Fine Furniture, Klaussner, Natuzzi, Sealy and dozens of the most respect suppliers in the industry.

Carl's Furniture is closing two of its older, small stores to focus on our newer, large locations. We have found that customers prefer to shop in our larger stores, where they have a larger selection. Large stores are more efficient and allows us to offer lower prices. Carls Furniture will continue our design services and outstanding customer support that Carl's Furniture has maintained throughout 70 years of continuous service. The company is closing their Kendall and Boca Raton stores only. These limited time store closings will not affect other Carls Furniture locations.

Economically the Florida home furnishing market has suffered for the last several years. The Carl's Furniture Kendall and Boca Raton Stores will close without further notice, when all furniture on hand in these two stores are sold. While inventory remains at the Kendall and Boca Raton locations only, these stores will conduct **A TOTAL INVENTORY-TOTAL LIQUIDATION- STORE CLOSING EVENT! Everything IN THESE TWO STORES ONLY will be LIQUIDATED to the bare walls, REGARDLESS OF COST without honoring MANUFACTURE'S MINIMUM PRICING STANDARDS.**

Although disappointed with closing their Kendall and Boca Raton locations, the owners of Carls Furniture were most positive, commenting that the store closing would provide an opportunity to say **"Thank You for the memories"** to local customers by offering prices and furniture values at these two locations never offered before in their more than half a century of operation.

The Carls Furniture ownership concluded their announcement of the Kendall and Boca Raton stores by saying:

"We thank all of our customers for the wonderful memories associated at these stores. The STORE CLOSING AND TOTAL LIQUIDATION ONLY AT KENDALL AND BOCA RATON and the liquidation of millions of dollars of fine quality home furnishings and handmade oriental rugs will start promptly at 10:00 AM Saturday April 30, 2011.

This event is only at these two stores and will continue only while furniture remains in these locations. This once in a life time special event will allow us to offer the best values in our history, in appreciation of our customer's loyalty. We hope everyone will find the furniture of their dreams early while selection is the best".
